

Dorian Maples, RN, owner of Angel Corps, is a CHOICE board member, appointed by the governor. The CHOICE board meets bi-monthly in the state government offices.

HONORING OUR ELDERERS

Our goal is to enrich the lives of our clients and employees.
Sometimes that goal is achieved in unforeseen ways.

article submitted by Margeaux Corrao • photography provided

Angel Corps monitors local, state and federal legislation that affects elders and disabled individuals. Why? Because Angel Corps wants to enrich the lives of its clients. One example of how legislation can impact clients' lives is Indiana's CHOICE (Community and Home Options to Institutional Care for the Elderly and Disabled) program.

The CHOICE program is a funding source for the elderly (those 60 and older as defined by the State of Indiana) and disabled wishing to remain in their homes. This funding is distributed by Indiana's Area Agencies on Aging. Angel Corps and Home Nursing Services are approved providers with the local Area Agency on Aging's program. Criteria to receive funding from the CHOICE program stipulates, among other things, that you must be an Indiana resident and 60 years of age or older, or disabled.

The CHOICE board is currently:

- Listening to public comments
- Receiving updates from the IAAAA, Division of Aging
- Reviewing the Division of Aging's State Plan for 2015-2018
- Creating the CHOICE Annual Report

Angel Corps strongly urges legislators in northeast Indiana to keep the CHOICE program in

Indiana's budget. Representative Ed Clere, a CHOICE board member, has authored a bill for the CHOICE program (HB1391). Follow the bill via IndianaGeriatrics.com or at IN.gov.

Please join Angel Corps as a voice for the elderly and disabled in the community. 

ANGEL CORPS
