

Marcia Steigerwald

It is with great sadness that we were notified on Sunday, July 19, Marcia Steigerwald had passed away. She was 55 years old. Long-time employees remember that Marcia began her career with Angel Corps in March 2002, just a few months after Angel Corps began. Local area residents recall seeing her buzz around town in the first yellow Angel Corps Volkswagen Beetle.

Marcia served as the Angel Corps Client Services Supervisor until August 2007 when she joined Dorian Maples & Associates as a Geriatric Care Manager. In January 2008, she filled in as Interim Director of Angel Corps' Bluffton office before returning to DM&A. Marcia was a Licensed Social Worker and a certified Professional Geriatric Care Manager. She was accepted as a member of the National Association of Professional Geriatric Care Managers in 2008.

In her letter of resignation, dated February 1, 2009, she wrote, "I will continue to support the work of our family of companies and promote the geriatric care management practice whenever possible." Indeed, in the last week of her life, Marcia was actively marketing to the doctors and nursing staff from her bed at Lutheran Hospital. In addition to her official duties as an employee, Marcia was an active ambassador for all of our businesses. She volunteered with the Alzheimer's Association, the Northeast Indiana Health Ministry Network, The Senior Alliance, and the Geriatric Networking Breakfast. In addition she spoke at many functions, including a significant role in the DM&A presentation of "Caring for Your Aging Parents Without Killing Your Siblings."

Marcia was a dedicated employee, a delightful co-worker, and a caring and knowledgeable advocate for her clients. We appreciate Marcia's contribution to the growth of Angel Corps and Dorian Maples & Associates. We will miss her.
